St Croix Casino

(Full name of defendant(s))

COMPLAINT

A. JURISDICTION

1. Angelia R. Konczal, resides at  
(Plaintiff)

210 1/2 N. Main Street Rice Lake WI  
(Address) (City, State)

2. Defendant US Government is employed as  
(Name of First Defendant)

Washington at USA  
(Position and Title, if any) (Address)

3. Defendant St Croix Casino is employed as  
(Name of Second Defendant)

at Hwy 8, Turtle Lake WI  
(Position and Title, if any) (Address)

Plaintiff received too shipping of money across table, with no right to re-  
course as Plaintiff Angelia R. Krouse whom  
was forced into unpaid barter  
for St. Croix Casino when Tribe  
filmed Plaintiff without pay  
after being forced into position  
by Management entertaining  
guests during prime time with  
comp to force Plaintiff to seek  
employment elsewhere in  
Casino due to them taking away her  
means of retirement & getting her own  
business from it. There is no reasonable  
excuse for the Tribe to  
claim "unsubstantiated rumors"  
if they had intentions of paying filming  
or correct wages whether denied rights around  
and had money to do so without lying about  
income. Tipping is done by percentage  
of intake as a standard. As  
the top tip earner for the Casino

Plaintiff was given the most over-time in hours for the Casino which supports the fact the Casino was making more than claiming to get out of paying appropriate wages and filming or, well, counseling a movies which are being fined for other inappropriate conduct. Abuse once acquired rather than Plaintiff earnings or use for skimming to insure no investigations of earnings in order to collect, which prevents payment of appropriate wages & filming that kept Plaintiff in unpaid position rather than advancement, safe leave, or retirement from either department which provides drug funding & grants by using "unsubstantiated remorse" terms rather than agreeing to money readers on tables, and paying wages rather than Plaintiff's requirement to share earnings with criminals so she was oppressed by it with the rights to claim unsubstantiated remorse" instead of correct earnings at Casino.

(do, do not)

Further:

Witnesses are available for Angelia R. Konczal for victim as child without payment for being productive and communicating likes which led to the development of the childrens water-ring float toy that was stolen and manufactured here and later by China during the first year of development from trying out for safety and development needs. As a victim with no one to trust in order to write this suit, available, including parents who did not go after it once it was stolen, I would like also the request of sanctions of sales by China & rights to original development before stolen. Parents such as mine refusing to protect child developments and throwing them into a hospital later to prevent future development of and for attachments led to Oppression of Plaintiff as well as others by allowing us to be sold as slaves to other Countries with no rights for other opportunity when subjected to the type of filming Plaintiff was

unpaid for to prevent other opportunit  
 for collection when allowed to hide  
 behind "unsubstantiated rumors"  
 rather than paying wages out which  
 would keep Plaintiff in slavery  
 forever to them by entering into  
 the manufacturing arena by not  
 having to account or authenticate  
 money's when being allowed to use  
 "unsubstantiated rumors" for  
 firing without payment of filming  
 and it's return to Plaintiff or appropri-  
 ate wages as a U.S. citizen which  
 need adjusting for us to work  
 productively worldwide without  
 injuries and hospitalizations due  
 to under payment as a U.S. Citizens.  
 The exact names of Defendants  
 have never spoken to Plaintiff or  
 allowed knowledge of for suits  
 without help at this time as well  
 as past. which why the Department  
 of Labor was not specied to insure  
 help & collection other than for  
 filming that was never paid for when  
 they are allowed to claim "unsub-  
 substantiated rumors" in order to avoid

of Wisconsin's "Fire At Will" no reason for firing in order to prevent problem from following when seeking work after firing and get paid that we are believed or employers are not held responsible in future for paying in counterfeit. When we are so easily dismissed and discredited with no means to come forth without being accused ourselves by being productive at home while employed having such technology. This prevents my rights to opportunity during and after employment for others with such allowances for firings using "unsubstantiated rumors" which requires a hospital stay for an income to write this then just to collect filming wages & films returned. I did not sign an agreement to work for a hospital stay to work! And do not agree with working to go into hospital. Request for change of Venue to get away from this States main income of medical industry in order to

seek wages and compensation in order to lead a productive happy Life in the future.

See Clerk notes for Further laws and explanations needed Love the climate and terrain but not staying or coming back For ~~if~~ I have to need the medical industry for being productive so I can't enjoy it. I'm not your workhorse. to put up with a multitude of consecutive grievances that led the problem in order for a company to go unchecked so they don't have to put an appropriate value on work effort or ~~be~~ expect the right to refuse without losing my job while looking For work elsewhere. allowing them laws that courts and system did not use to catch them with unauthorized or place a value on before its removal.
